

doodles

Doodles is an essential part of our week and ensures my daughter can access a fun club set up for her additional needs

Doodles has given my son the opportunity to meet other children in the community, its such a social setting where they encourage him to try new things that he wouldn't normally do

Doodles gives me the opportunity to have some down time where I can reset without having to worry if he's safe or if they will understand his complex needs because all the staff there do

Doodles is an amazing setting where the staff meet all my son's additional needs. They understand his complexity and manage his anxiety beautifully
