

# doodles

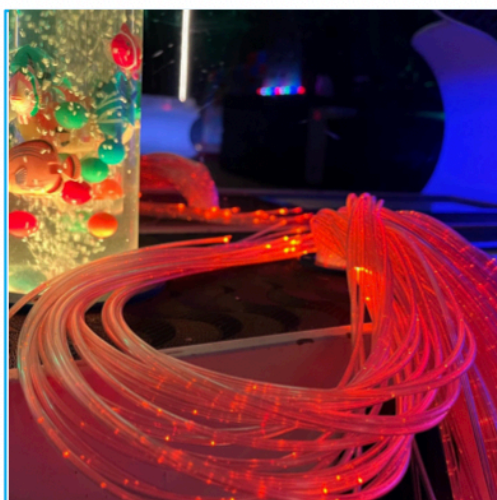

My son loves the sensory activities and equipment at Doodles  
It brings him such joy to play with his Doodles friends in the dark room

It gives my son time to be social and have fun in the nicest environment.  
I can't rate it highly enough.  
It's so needed.  
We Love Doodles

Doodles is such a great club for our children  
It's a safe fun place run by great people

My son always wants to come to Doodles to play with his friends. They've worked wonders with his confidence and it's so nice to see him so happy and so well cared for
